II. GENERAL STATEMENT OF POLICY

In making decisions regarding student and employee access to Twin Lakes STEM Academy computer system and the Internet, including electronic communications, Twin Lakes STEM Academy considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to Twin Lakes STEM Academy's computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. Twin Lakes STEM Academy expects that faculty will blend thoughtful use of Twin Lakes STEM Academy's computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

III. LIMITED EDUCATIONAL PURPOSE

Twin Lakes STEM Academy is providing students and employees with access to Twin Lakes STEM Academy's computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The Twin Lakes STEM Academy system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the Twin Lakes STEM Academy system to further educational and personal goals consistent with the mission of Twin Lakes STEM Academy policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

IV. USE OF SYSTEM IS A PRIVILEGE

The use of the Twin Lakes STEM Academy system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the Twin Lakes STEM Academy system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate Twin Lakes STEM Academy policies, including suspension, expulsion, exclusion or termination of employment; or civil or criminal liability under other applicable laws.

In the case of a Twin Lakes STEM Academy employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a Twin Lakes STEM Academy employee, the building administrator.
